Editorial

Andrew Fisher of Manchester UK is our latest new member, welcome Andrew.

The web site set up by Jordi Quintana has now been operational for over three months and I hope that members are finding it useful. Please refer to Jordi if you have any problems accessing information at jordi.quintana.com@gmail.com.

Melvyn Daisey has written an article on his conversations with Bob Maitland, one of the early successful GB post-war cyclists. I think he rode with the Hercules team of riders in the Tour de France but my memory may be playing me tricks. Thank you Melvyn. Similar articles from other members are always welcome!

I have illustrated a full set of 21 vignettes on a single sheet, produced by J Foret of Paris for the 1949 Tour de France. This is followed by illustrations on postcards for the same 1949 race but for stages 1 to 9 only. The picture sides show the route of the race for each of the first nine stages with a different set of vignettes attached. The cards are cancelled on the address side by the special cancellation for the stage, but only shown for Stage 1.

The index of GB slogans and special event bicycle cancellations begun in previous issues of *Bicycle Stamps* has been concluded. Seventy cancellations have been listed which is low, compared with European countries such as Italy. All come from my own collection but I cannot claim that it is complete. If you have other items in your own collections which are not recorded, please let me know and send me a scan if possible.

Thomas Matthies has kindly provided a list of New Issues, which is a major part of each issue. I am very grateful Thomas for the work he puts in to produce this information for our readers. Piet-Hein Hilarides provides input to Thomas' work and he also maintains a catalogue of cycling stamps, updated each year. In addition Piet-Hein is offering to provide back issues of all BS issues from the start to members free, apart from postage.

Members are welcome to send Wants lists to both Piet-Hein in Holland and to Bob Lee, a leading thematic philately stamp dealer in the U.K. Both have placed advertisements in this issue. Enjoy your collecting.

¹ <https://irishknight1952.wordpress.com> from 8.11.2018:

"The stamps all bear the date imprint "18214" which is 2nd August 2018 but were not made available to Philatelic staff (and the public) until the first day of Stampa (5.10.2018). I do not know if and when they will be available in the post office network but if it is the case that they will only sold to stamp collectors, then it means that these stamps will be relatively rare."

² Michel decided not to continue cataloguing "Modern German Private Post". Known Catalogue numbers (§) are depending on "Merkur-Briefe", magazine of the study group "Privatpost-Merkur im BDPH e.V." (<http://www.privatpost-merkur.de/>)

For Perforations the TCTC notation of Doug Myall (Complete Deegam Machin Handbook) is used with "T" being "torn" and "C" being "cut" in the order: top, right side, bottom and left side. (e.g. $\overline{\text{TTCT}}$ = TTCT)

- Issues marked * have been corrected or have additional information. The additional or corrected information is underlined.
- Issues marked \square are deemed to be fake, i.e. not stamps only Cinderellas or illegals, therefore they will not have a date of issue (Cinderellas are fantasy products. Illegals are unauthorized stamps sometimes with the name of real existing postal authorities produced in fraudulent intent).
- Additions to the list are indicated by a heavy solid left-hand border to the country's name box. Additions that are not really new, but not mentioned in one of the known Bicycle Stamp catalogues (Batho, Hilarides, Malone, Muhsil, Waitl) marked with a white \square in the border.
- Issues that appear on this list for over a year are moved to the "Issue Information Update" list.
- Content of set: Meaning of signs and abbreviations
"→" = published in ... (ex. 2→2Shl(10) = 2 stamps published in 2 sheetlets of 10 each)
- The last column shows where the stamp is illustrated, with BS number, followed by page number.
- If any catalogue entry (Scott, Stanley Gibbons, Michel or Yvert & Tellier) or information from postal authority or official agency is known it is indicated with "{S}" in the same column. If a WNS no. is known it is stated (e.g. "[LR024.09]"). The WNS no. documents, that it is definitely a legal issue.
For WADP Numbering System (WNS) (see → <http://www.wnsstamps.ch/en/about>).
- Personalized stamps are only listed if they are published by postal administrations or well-known organizations.

Many thanks to Piet Hein Hilarides, Michel Lesueur and Cyclophil for their valuable information.

BOB MAITLAND – THE GENTLEMAN CYCLIST & 1953 PEACE RACE by Melvyn Daisey

For those of you expecting the normal high quality, in depth, technically detailed piece about stamps, which our members usually produce, I should warn you that I am first and foremost a cyclist who just happens to collect stamps, postcards, beer mats etc. which have some connection to cycling, cycle races and cyclists. My philatelic technical knowledge is limited to the fact that I know the word philately has something to do with stamps!!!

This article is about a conversation I had several years ago with Bob Maitland, 'The Gentleman Cyclist' (more on that title later). When I say I collect cycling pieces, the cost of stamps now far exceeds my limited budget so the truth is I collect very little nowadays. Our esteemed Secretary Brian Sole keeps passing on his surplus items which I gladly accept as he always offers them to me cheaply (I think he feels sorry for me) but I still retain an interest in all things cycling.

If the stamp or item relates to a race and identifies winners for example, such information is meticulously entered in my album alongside the stamp. It is so much easier to obtain information these days with Google and other such search engines. Years ago however it was very difficult, how did you find out for example who won the cycling event(s) at the 4th Mediterranean Games held in Naples in 1963? The answer, in my case was that I didn't. Lebanon produced a stamp in 1964, one of a set of six commemorating those games. In desperation I

wrote to Cycling Weekly (for those of you who don't know what Cycling Weekly is, it is a British and funnily enough weekly magazine, devoted to all areas of cycling). I asked in my letter to the magazine if any of its readers knew of any publication covering cycling results both current and historical. I was surprised by the response I received, lots of people got in touch but alas no one actually answered my question. However now we come to the subject of my article.

Totally out of the blue I received a call from Bob Maitland. Confession time, I had at that time no idea who Bob Maitland was. He told me he was a cyclist and he had ridden the peace race in 1953. All the teams had been given a small folder containing some commemorative stamps and that he wanted me to have them as they were just gathering dust in a drawer and of no use to him. Can I say that by this time I was already in awe, here I was talking to someone who had ridden the Peace Race, the subject of so many stamps in my collection. I tried to convince him that the item would have some value and in the end he agreed to accept the catalogue value of the stamps. I have no idea as to the item's worth but as it will never be sold it really doesn't matter.

We spoke at great length about his career because I had so many questions and ob (I know he won't mind me using his Christian name) came across as humble and unassuming. He described in detail what it was like to cycle through countries still ravaged by the devastation of the Second World War and how the cyclists were aware of the huge sacrifices being made by the local inhabitants. The competing cyclists were so well looked after in terms of food, accommodation and day to day

essentials as the local people wanted to say thank you to the international cyclists for riding the race and also wanted them to come back the following year. Unfortunately sickness after 8 stages resulted in him retiring from the race whilst in second place.

Bob Maitland's palmares runs to pages and, as well as the Peace Race he rode in the 1955 Tour de France; he rode Paris Nice; he was National Champion; won a stage of the Tour of Britain and was sixth by just a few seconds at the 1948 Olympic Games road race. On it goes and it didn't stop when he retired as a semi-pro. As a veteran he won The Veterans European road title and the Veterans world road race title in 1989. He had his career at the time of all-out civil war in British Cycling; he was a member of the British League of Racing Cyclists who were fighting for the future of British Cycling with the National Cyclists' Union. The feud was bitter. He was attending a cycle show in Metz, France in August 2010 when he died of a heart attack aged 86. Cycling Weekly did a four page article on him in its British legends series headed 'THE GENTLEMAN CYCLIST. Friends and fellow cycling pioneers such as David Orford, Denis Feasey and Harry Reynolds, all spoke of him as being a great teammate but most of all a gentleman, hard to be in the fiercely competitive world of professional sport.

The item Bob Maitland passed to me is a single fold thin card, the outer cover features a drawing of cyclists strung out in single file. It is headed by the race title with badges of the cities the race was to pass through. Inside is a drawing of the route with a set of the Polish stamps commemorating that year's race – 3 mint stamps and 3 franked stamps. The main text on the front of the card reads '6th International Bicycle peace race' and underneath in slightly smaller font are the names of the 3 communist newspapers 'Trybuna ludu (peoples Tribune, Polish) Neues Deutschland (New Germany) and Rudeho Prava (Red Justice, Czechoslovakia) who, I assume covered or sponsored the race in some way. These titles are on the franking of the stamps inside the border. The stamps all depict a pair of racing cyclists, a dove and the crest of the cities; three towers, Prague; a lion Berlin and a 'syrenka' or little mermaid, Warsaw. (It will of course be a major disappointment to me if you all know this already).

Czechoslovakia and East Germany also produced a stamp for that year's race which was won by Dane Christian Pedersen with the team East Germany winning the team prize. So there it is, a very brief story about a famous cyclist, a very famous race and a novice philatelist.

My own palmares is blank although I did climb Sa Calobra twice in my early 70's. For those of you who have never heard of Sa Calobra (the Snake), it is an iconic climb on the Mediterranean island of Majorca. Majorca is something of a Mecca for amateur cyclists. It was once said Sa Calobra looks like someone tossed spaghetti over the mountain side and then built a road on the pattern formed. It is a dead end and there is only one way to go from there and that is back up, although if all else fails you can always get a ferry to the next town. Google it!

IMPORTANT—ELECTION OF THE COUNCIL.

An error having occurred on page 1 of the current issue of "Cycle Camping," the Council wish it to be understood that paragraph 3 (in bold type) should read as follows:—

"The Council have passed a resolution that all nominations for Officers or Councillors must be in the hands of the Hon. Gen. Secretary 14 days prior to the Annual General Meeting to be held on 8th February, 1908."

By order of the Council,

ALEX. P. MOELLER,
Hon. Gen. Sec.

West of Scotland Cyclists' Meet Association.

14 KEW TERRACE,
21st April, 1884.

DEAR SIR,

As the Committee of the above do not consider a Dinner after the Meet desirable, they have requested me to get the vote of the Council on the subject, and I shall be glad if you will state your opinion on the annexed card and let me have it by return. At the request of several riders both in the East and West of Scotland, the two-mile Tricycle Race has been reduced to a one-mile, and a one-mile Double Tricycle Handicap added.

Yours truly,
