### **Request to use Scott numbers on the Internet**

Dear Sirs,

as a passionate collector of bicycle stamps, I would like to offer a platform on the internet, to exchange information and to inform about well-known as well as about new stamp issues with bicycles.

The website is currently under construction. It has a comprehensive image catalog, in which - in addition to official issues - private mail stamps as well as personalized stamps are listed. In order to be able to assign the latter exactly, a 5-digit "RE number" was assigned to each object.

For the official issues, I would like to list your Scott numbers as a supplement. This would be a continuation of Norman Batho's list - which he created and maintained for the "Bicycle Stamps Club".

You can get a first impression of the future website at the following link:

**<http://bicyclestamps.de/index.php/catalog/online-catalog>**

There may still be around 30 to 50 active bicycle stamps collectors worldwide who might be interested in this website - from the North American area perhaps a dozen.

Your Scott numbers would enrich the site significantly, and I would be very happy if you could give me the permission to use them.

Sincerely Yours

Arnoldt Rehm
